

"Cover Them w/Love" Quilt

Use cotton, polycotton, or flannel. This is a reversible quilt—both sides done at the same time. We do not put batting in these quilts. Finished size is minimum of 40" x 60".

Start in the center and cut two strips 6" x 18". Put wrong sides together. The next piece (cut same size) goes on top and bottom of center piece with right sides together. Makes a sandwich with the center in between. Open out the pieces just sewn on. Do the same to the other side of the center piece. So now you have three pieces sewn together (front and back). Now you build across the top and bottom of those three pieces. It might be a good idea to serge or zigzag over seams as you go.

When you have it about 40" x 60" bind off the edges and you are done. Smaller sized quilts for babies are also acceptable. The quilt does not have to be this exact pattern as long as the quilt measures approximately 40" x 60" and is sewn together-not tied.
